## Chadwick-BaRoss Now Carries Link-Belt Excavators in Connecticut

July 22, 2020 (Lexington, KY)

LBX Company LLC is pleased to announce the addition of Chadwick-BaRoss, Inc. as the dealer for Link-Belt® [hydraulic excavators](#), material handlers and parts in Connecticut.

The Chadwick-BaRoss branch is located at 10 Fox Hollow Road, Oxford CT 06474, (860) 261-0730.

This location serves the entire state of Connecticut.

Chadwick-BaRoss have carried Link-Belt excavators since early 1961, making them the oldest LBX dealer in North America. Their headquarters location is at 160 Warren Ave. Westbrook, Me. 04092 207-854-8411

“CBR has been in our Link-Belt family for 60 years now and we are excited that they are still pursuing growth and new markets.” said Chris Wise, Distribution Development Manager, LBX Company. “Our award winning machines backed by their market expertise will result in great success in the greater Connecticut market.”

“Chadwick-BaRoss is proud to represent the Link-Belt excavator line in Connecticut. We’ve supplied the New England area with high quality reliable construction equipment and excellent customer support since 1929,” said Gary Theborge, President, Chadwick-BaRoss. “We look forward to supporting our new LBX Connecticut customers with the same high level of support we have provided the other New England states.”

For more information on a new Link-Belt Excavator, parts or service, call (860) 261-0730 or visit [Chadwick-BaRoss, Inc.](#)

### About LBX Company

LBX Company LLC offers a full line of Link-Belt hydraulic excavators—including standard, long front & minimum swing configurations—from 8 to 80 metric tons, along with scrap and material handlers, forestry machines and work tools. Link-Belt machines and work tools are

available through an extensive network of dealers in North and Latin America. LBX's subsidiary company, LBX do Brasil, distributes these products in Latin America. LBX Company is a wholly owned subsidiary of Sumitomo Construction Machinery, a worldwide leader in construction equipment innovation and quality manufacturing based in Chiba, Japan.
